Denis Smolyarov

16 October 2004

Education:

VGKE   **2020-2024**

Development and maintenance of information systems software, Software technician

My main skills:

Python Django HTML CSS JS MySQL

Work experience:

NA ZARE   **2023 August - 2024 April**

Fullstack-developer

This is a web application developed for a park hotel. It's purpose is to provide users with convenient access to view and book hotel apartments.

My responsibilities:

- Design development
- Layout
- Database design
- Writing the client part
- Writing the backend
- Deployment to hosting

Technologies:

- Client side: HTML/CSS, JS/AJAX/HTMX
- Backend: Python/Django
- DB: MySQL
